Mille Fleurs offers elegant and casual dining, a great place to celebrate an anniversary, or to relax and enjoy a bottle of wine and appetizers with friends. We feature menus that change with the season with respect to the availability of the freshest and finest ingredients. Our chef has been picking up our vegetables daily, right down the street at Chino's Farm long before celebrity chefs spoke of "farm to table".

Choose to dine in our warmly decorated main dining room, our courtyard patio, or in our casual and lively fountain room, which adjoins our bar. You will be entertained and served by a knowledgeable and charming staff.

Nestled in the heart of Rancho Santa Fe, Mille Fleurs represents the ultimate dining experience. Critically acclaimed, locally loved, Mille Fleurs presents its patrons with a wide range of dining options.

Extra Touches

After Dinner Drinks

We have an array of fine cognacs, scotches, ports, and other beverages to end your evening the right way. Though we do not sell cigars in house, there is always the option (weather permitting) to enjoy a cigar hour with cocktails on the patio to cap off the night.

Flower Service

There is always the option to order additional flowers and dressings for your tables. We keep small, individual flower arrangements on each table in the restaurant at all times, but the option is there to upgrade if it is within your budget. We order our flowers through Rancho Santa Fe Flowers with regular deliveries to the restaurant daily. You may reach them at (858)756-5023 to order arrangements.
